WHEREAS, it is the desire of the City of Haskell to maintain the safety and peace of the city.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Haskell, Arkansas, that:

Section 1: The term fireworks means and includes any combustible or explosive composition or any substance, combination of substances, or article prepared for the purpose of producing a visible or audible effect by combustion explosion deflagration, or detonation and includes, but is not limited to, sky rockets, roman candles, daygo bombs , blank cartridges, toy cannons, toy canes or toy guns in which explosives other than toy paper caps are used, the type of balloons which require fire underneath to propel them, firecrackers, torpedoes, sparklers, or other fireworks of like construction, any fireworks containing any explosive or flammable compound, or any tablet or other device containing any explosive substance. This definition includes items which contain even small amounts of silver fulminate, potassium nitrate, ammonium perchlorate, or other chemical or pyrotechnical composition intended to produce a pyrotechnic event or effect, even if not classified as a "hazardous material" under federal regulation.

Section 2: Regulations

- A. No individual, firm, partnership, corporation, or association shall possess for sale, sell or offer for sale at retail, or discharge within the city limits, any fireworks as defined herein, except as specifically provided in this chapter.
- B. No parent, guardian, or custodian of any child under the age of majority shall knowingly permit or consent to the possession or discharge of fireworks by any child under the age of majority without proper supervision. Possession or discharge by any child under the age of majority within the city limits shall be *prima facie* evidence of the knowing permission or consent of such parent, guardian, or custodian.
- C. No fireworks may be discharged within the boundaries of or within three hundred (300) feet of any public park owned or maintained by the City without a public display permit except as otherwise provided in this chapter. No fireworks may be discharged upon any public street, alley, road, or right-of-way, except as otherwise provided in

this chapter. No fireworks may be discharged within 1000 feet of any hospital, nursing, or assisted living facility. No fireworks may be discharged under or upon a motor vehicle, whether moving or not, or within 300 feet of any gas station; gas, oil, or propane storage facility; or other area which is highly flammable by nature.

- D. Subject to the limitations contained in this chapter, fireworks, as listed below, may be discharged within the city limits only on private property of the owner, or with the owner's permission when such discharge is in a safe and sane manner, and limited to;

Any discharge, with or without a permit, is at the individual, firm, partnership, corporation or association's own risk, and is not sanctioned by this ordinance.

Any individual, firm, partnership, corporation, or association discharging fireworks under this ordinance shall, upon such discharge, be responsible for clean-up of the discharge site, including disposal of all discharged fireworks, all non-discharged or "dud" fireworks, and the associated debris from the discharged fireworks in a safe manner.
